6	KTPS Stage VI	500 MW(1X500 MW)
7	Nagarjunasagar Tail Pond Dam PH	50 MW(2x25 MW)

2. To meet the work targets and the execution of works gaining rapid momentum, there is imminent necessity of additional manpower in Engineering cadre to man the Construction activities of above new Power Projects. The proposals for sanction of new posts for New Power Projects which are either commissioned or on verge of commissioning have been sent to Government for approval. The Chief Secretary to Govt. has not agreed to the proposal for creation of new posts and instead advised to upgrade some of the posts, if necessary by suppressing some of the vacant posts and thereafter to furnish revised proposals for sanction of manpower for New Power Projects.

3. After careful consideration, pending submission of revised proposals to Govt., the APGENCO as an interim arrangement hereby accords approval for upgradation and creation of certain Engg. cadre posts and Accounts posts temporarily with effect from date of actual utilisation for a period upto 29.2.2008 to meet immediate requirement of Engg. cadre posts for New Power Projects and Accounts posts for Audit functions and effective Financial functions, duly suppressing certain lower cadre vacant posts as follows:
