MINUTES OF THE ENVIRONMENTAL PUBLIC HEARING HELD ON 27.07.2022 AT PREMISES OF EXISTING LOWER SILERU HYDRO POWER PROJECT, POLLURU VILLAGE, CHINTOOR MANDAL, ALLURI SITARAMA RAJU DISTRICT, ANDHRA PRADESH ON THE PROPOSAL OF THE ANDHRA PRADESH POWER GENERATION CORPORATION LIMITED (APGENCO) FOR COMPLETION OF BALNCE WORKS OF TWO UNITS (2 x 115 MW) AT LOWER SILERU HYDRO POWER HOUSE AND IMPROVEMENT OF POWER CANAL WORKS At MOTHUGUDEM VILLAGE, CHINTOOR MANDAL, ALLURI SITARAMA RAJU DISTRICT.

PANEL MEMBERS:

Chairman of the Panel:

1. Sri R.Gopala Krishna, IAS — Project Officer, ITDA, Paderu & Additional District Magistrate, Alluri Sitarama Raju District.

Member Convener:

2. N.Asok Kumar — Environmental Engineer, APPCB, Regional Office, Kakinada.

Industry Representatives:

1. Sri M.Sujaya Kumar, chief Engineer, APGENCO.
2. Sri Rahul Babu, Representative of Environmental Consultancy, M/s.R.S.Envirolink Technologies Pvt Ltd, Gurgaon.

At the outset, the Environmental Engineer, APPCB, RO, Kakinada welcomed the Project Officer, ITDA, Paderu on to the dias and informed that **M/s.THE ANDHRA PRADESH POWER GENERATION CORPORATION LIMITED (APGENCO)**approached A.P. Pollution Control Board on 15.06.2022 along with Terms of Reference (ToRs) issued by Ministry of Environment and Forest & Climate Change (MoEF & CC), copies of draft EIA and Executive Summaries requesting to conduct Public hearing as per procedure laid down in Environment Impact Assessment (EIA) Notification, 2006 on the proposal of **ANDHRA PRADESH POWER GENERATION CORPORATION LIMITED (APGENCO) FOR COMPLETION OF BALNCE WORKS OF TWO UNITS (2 x 115 MW) AT LOWER SILERU HYDRO POWER HOUSEAND IMPROVEMENT OF POWER CANAL WORKS AT MOTHUGUDEM VILLAGE, CHINTOOR MANDAL, ALLURI SITARAMA RAJU DISTRICT.**

The District Collector, Alluri Sitarama Raju District. Paderu suggested 27.07.2022 at 02.00 PM at **PREMISES OF EXISTING LOWER SILERU HYDRO POWER PROJECT, POLLURU VILLAGE, CHINTOOR MANDAL, ALLURI SITARAMA RAJU DISTRICT** will be the convenient date, time and venue for conduct of Environmental Public Hearing. The Member Secretary, A.P. Pollution Control Board approved the date, time and venue as suggested by the District

ENVIRONMENTAL ENGINEER

Collector. Accordingly, the Environmental Engineer, Regional Office, Kakinada issued a Paper notification and the same was published on 25.06.2022 in "Eenadu" and "The Hindu" daily news papers. In the paper notification suggestions, views, comments and objections of the public if any, are invited within 30 days from the date of publication of notification. It was also requested in the notification that all the interested persons can also make written representations to the EE, APPCB and also can participate in the proceedings of the public hearing on the date, time and venue specified above. The required information i.e. Draft EIA report and Executive Summaries in Telugu & English both hard & soft copies are kept in the respective places for public access at the offices of District Collector, ASR District, Zilla Prasishad, Visakhapatnam; District Industries Centre, Paderu; Sub-collector Office, Rampachodavaram; Tahsildar, Chintoor Mandal; and Panchayat Offices of Mothugudem, Nelakota, Vemularayi & Choppumamidi Villages. The information was also communicated to the Joint Director, MoEF&CC, Regional Office, Vijayawada, the Member Secretary, SEIAA, Vijayawada, Regional, Zonal, Head Offices of A.P. Pollution Control Board as per the procedure laid in the EIA Notification, 2006 for convenience general public and for inviting views, objections, suggestions from the public. He also informed that the A.P.Pollution Control Board on 20.07.2022 addressed letters to the Panchayat Secretaries of Mothugudem, Nelakota, Vemularayi & Choppumamidi Villages for giving wide publicity about the proposed Public Hearing by way of Tom Tom/through Public address system.

The District Collector, Alluri Sitarama Raju District nominated the Project Officer, ITDA, Paderu, Alluri Sitarama Raju District as Chairman of the Panel for conducting the Public Hearing. He said that every statement will be recorded as minutes and same will be sent to MoEF & CC for taking suitable decision.

The Environmental Engineer requested the Project Officer, ITDA, Paderu and Chairman of the Public Hearing panel to supervise the conduct of public hearing proceedings.

Sri R.Gopala Krishna, IAS, Project Officer, ITDA, Paderu, Alluri Sitarama Raju District welcomed the general public to the public hearing on the proposal of THE ANDHRA PRADESH POWER GENERATION CORPORATION LIMITED (APGENCO) FOR COMPLETION OF BALNCE WORKS OF TWO UNITS (2 x 115 MW) AT LOWER SILERU HYDRO POWER HOUSE AND IMPROVEMENT OF POWER CANAL WORKS, AT MOTHUGUDEMVILLAGE, CHINTOOR MANDAL, ALLURI SITARAMA RAJU DISTRICTwith a project cost of 579Cr.

ENVIRONMENTAL ENGINEER
A.P.POLLUTION CONTROL BOARD
Regional Office,KAKINADA

The chairman of the public hearing informed to the general public that M/s.APGENCO proposed for completion of two units (2 x 115 MW) at Lower Sileru hydro Power House, Mothugudem Village, Chintoor Mandal, Alluri Sitarama Raju District and as per Environment Impact Assessment (EIA) Notification 2006 & its amendments thereof issued by MoEF, the proponent requires to obtain Environmental Clearance for which Public Hearing is necessary to invite suggestions, Views, Comments and responses of the general public. Accordingly, notification of the Public hearing was issued thirty days before conduct of public hearing i.e., on 25.06.2022.He also informed to the public that the stake holders i.e., representatives of the project would explain the project details and the mitigative measures that would be implemented to prevent impact on surrounding environment due to proposed activity and opportunity would be given to local villagers to express their doubts, suggestions, if any. It is an open forum to express views of the public independently. The Proceedings and video of the public hearing would be forwarded to MoEF, GoAP for further course of action.

Sri M.Sujaya Kumar, Chief Engineer, APGENCO: Addressed the public and explained about the proposed (2 x 115 MW) at Lower Sileru Power House, Mothugudem Village, Chintoor Mandal, Alluri Sitarama Raju District. He said that the project envisages the installation of 6 units of 115 MW each and 4 units are installed completely and commissioned. Work on other 2 units was done partially at that time i.e., in 1978 and it is proposed to complete balance works now. He also said that no additional water is required for this proposed project. There is no land requirement for construction of various components including infrastructure facilities as except for installation of 2 units of 115 MW of each and a penstock all other infrastructure is existing. He also said that the proposed project is important to the State and the Country due to ever increasing gap between the supply and demand of power coupled with resource constraint and to meet Governments in-principle decision to encourage development of clean and renewable hydro power. He also said that due to increased demand in Andhra Pradesh after bifurcation as requirement of power during peak hours i.e., 6 AM to 10 AM and 6 PM to 10 PM APGENCO proposed to complete these units to meet peak hours requirement i.e., from 460 MW to 690 MW. Power from solar, wind and this hydel power project is supplied to the grid for uninterrupted power supply to the AP state. He also informed about the Medical Mobile Unit (MMU) and Ambulance services being maintained by APGENCO under CSR for the surrounding villages of the project. He has also informed that a provision of Rs.1.97 Cr including LADP of Rs.25 lakhs was provided in the Environmental Management Plan (EMP).

The Environment Engineer, APPCB requested the Consultant of the Project to explain in detail about the project, its environmental impacts and control measures proposed.

Sri Rahul Babu, Representative of Environmental Consultancy, M/s.R.S.Envirolink Technologies Pvt Ltd, Gurgaon has thanked the panel for giving opportunity to explain the details of the proposed project. He informed to the gathering that as part of environmental clearance process for undertaking balance work, the project proponent obtained ToR on 14th January, 2021 from MoEF & CC. He informed that as per the guidelines issued by the MoEF &CC, they studied baseline Environmental Status i.e., meteorology, Air Quality, Water Quality, Noise Level Survey, Soil Characteristics, during May, 2020 to January 2021 covering pre-monsoon/summer, monsoon and winter seasons. Draft Environmental Impact Assessment Study components included baseline data consisting of physical environment which covers land, air and water and five samples of soil, ambient air and ground water were collected and analyzed and as per the analysis they are within the prescribed parameters. He also said that they studied Biological Environment which covers both floral and faunal components, terrestrial and aquatic. It describes forest type, floristic as well as faunal diversity, the occurrence of RET species. He also said that sampling was done during three seasons. In the draft report, Environment Management Plan, Wild Life Management Plan and Local Area Development activities were included. He also said that after obtaining suggestions, objections and recommendations from the public final EIA report will be prepared.

Sri N. Asok Kumar, Environmental Engineer, East Godavari District requested the public to express views, suggestions and objections if any.

1. **Sri V.Nageswara Rao, MPTC, Mothugudem**: While welcoming the proposed project he requested to provide medical facility & education to the local people. Street lights and drainage facility should be provided and preference to the local people be given during employment.

2. **Smt A. Sita, Sarpanch, Mothugudem:** While welcoming the proposed project, she thanked officers for proposing the project construction and she requested to give preference to the local people at the time of recruitment and she also requested to provide medical facility, education & employment to the local people.

3. **Sri Pepakaya Srinu, polluru Village:** While welcoming the proposed project, he requested to provide medical facility, education & employment to the local people and he requested APGENCO officials to provide one diagnostic centre as the people living in the agency area are poor and cannot afford. He also expressed his happiness that due to this project they have been enjoying continuous power supply.

4. **Sri Dhulayya, Gondhugudem, Kothapalli Panchayath:** While welcoming the proposed project, he requested to provide employment to the local people and he also said that even though his name was registered in the society in 2010, he did not get employment.

5. **Sri L.Bhadrayya, Thulugonda:** While welcoming the proposed project, he said that due to lack of employment in the agency area the youth in that area are involving in smuggling of narcotic drugs like Ganja and he requested to provide employment to the local people. He requested to provide one diagnostic centre as so many Aadivasis are dying due to lack of diagnosis of diseases.

6. **Sri K.Srinu Babu, Mothugudem:** While welcoming the proposed project, he thanked officers for proposing the project construction and he requested to give preference to the local people at the time of recruitment and he also requested to provide medical facility, education & employment to the local people.

7. **Smt.Kothem Durga, Polluru:** While welcoming the proposed project, she requested to provide street lights in their area and employment to the local people.

8. **Smt. Kanaka Durga, Polluru:** While welcoming the proposed project, she thanked officers for proposing the project construction and she requested to give preference to the local people at the time of recruitment and she also requested to provide medical facility, education & employment to the local people.

9. **Sri S.Jaya Ram, Four Bay Camp:** While welcoming the proposed project, he requested to provide employment to the local people and he also said that his grandparents got migrated to this place and because of this the authorities are not issuing caste certificate. Due to lack of caste certificate he lost employment opportunities. He also said that some of the youth in this area are facing the similar problem and he requested the authorities to look into the matter. He also said that the due to lack of proper medical facilities pregnant women are suffering a lot. During emergency it is unable to shift the pregnant women due to lack of transport facility like ambulance.

10. **Sri Karanam Anji, Golugudem:** While welcoming the proposed project, he requested the APGENCO authorities to supply power from Mothugudem instead of Chintoor as they are facing severe shortage of power during floods. He said that due to lack of employment in the agency area the youth in that area are involving in smuggling of narcotic drugs like Ganja and he requested to provide employment to the local people. He also requested to provide ambulance facility to the pregnant women.

Nowreddy Asoke

ENVIRONMENTAL ENGINEER
A.P.POLLUTION CONTROL BOARD
Regional Office,KAKINADA

11. **Smt M.Naga Mani, Mothugudem:** While welcoming the proposed project, she requested to provide employment to her as she is a single women and nobody to take care of her.

12. **Sri Oddupalli Yerrayya, Polluru:** While welcoming the proposed project, he thanked APGENCO for taking care of their health issues and for providing education facility to their kids. He also said that local people are capable to do any work and he requested to provide employment to the local people only.

13. **Sri Pyla Gangayya, Vemularayi village, Kothapalli Panchayath:** While welcoming the proposed project, he expressed his concerns that due to hydro power project their drinking water is being contaminated and he requested the authorities to supply three – phase power to their village and provide employment to their village people.

14. **Sri Venkataramana, Vartha Reporter:** While welcoming the proposed project, he said that within 25 kms there are 60 villages depending on APGENCO. Many people in these villages are making their livelihood from agriculture. Earlier APSEB constructed hospital and provided good service to the local people by giving free medicine. Now APGENCO hospital is treating only APGENCO staff. He also said that earlier APSEB project school in which he studied has provided good education and her daughter pursued M-Tech degree in Power Electronics. As the local people are tribal they need roads, drinking water facility, street lights, medical facility & education. He also opined that a skill development institute should be provided to the local people to enhance their skills to acquire secured jobs.

15. **Sri Meenaka Appa Rao, Head Master, Mothugudem:** While welcoming the proposed project, he said that there are 48 schools in 60 villages and they are unable to pay the electricity charges. He said that earlier free electricity was provided to the schools when one officer Sri Satyanarayana, DEE worked. He also requested to halt Pragathiratham mobile hospital at the schools and hostels for students health check up.

16. **Sri U.Lakshman Rao, Gondugudem, Kothapalli Panchayath:** While welcoming the proposed project, he said that public hearing intimation is given one day before. He also requested to provide medical facility, education & employment to the local people and he requested APGENCO officials to provide one diagnostic centre as the people living in that agency area are poor and cannot afford.

The EE, APPCB, Kakinada, summed up the views, suggestions, objections raised by the general public in vernacular language and requested the project proponent to clarify the issues raised by the villagers. He also assured that the each and every opinion expressed by the public are noted down and will be submitted to the higher level authority.

Sri M.V.V. Satyanarayana, Director (Hydel), APGENCO: He thanked the public for extending their support to their project and he gave assurance to the public that they strive hard for the development of the area. He stressed on the points raised by the public regarding employment, education and on health issues. He said that APGENCO regularized 131 labours from piece meal contract system to regular Contract system last year and provided all allowances on par with regular contract employees. In the upcoming two units 300 people will be provided temporary employment during construction in which skilled local people will be given preference. During maintenance works local people will be preferred. He also said that their management took decision to hand over the school to reputed DAV management in which kids of other than employees can avail facilities. He also said that they are paying 1.2 Cr to the DAV management per year. He said that earlier hospital under APSEB/APGENCO did not concentrate on the patients due to remote area. Keeping this in view the management handed over the hospital to the reputed corporate hospital i.e., Bavya health services in which 20 No's were working. He also said to provide health facility to the patients under emergency condition and assured to have maximum coverage of villagers by the mobile medical unit and he assured to increase the budget of medicines in the mobile medical unit. Regarding power supply from Polluru he said that after supplying power to the grid they are not having control over the power transmission. He also said to take up the matter of skill development centre in this area with the APGENCO management.

The Environmental Engineer, AP Pollution Control Board proposed vote of thanks to the Chair.

During the process of Public Hearing the following representations were received and the same are kept as Annexure:
