ORDER:

APGENCO has adopted various Information Technology (IT), Operational Technology (OT) and Internet of Things (IoT) infrastructure to simplify the business operations for enhanced organizational efficiency, which collectively forms the Cyberspace of APGENCO.

2. Cyberspace is vulnerable to a wide variety of incidents, whether intentional or accidental, man-made or natural and hence the data exchanged in the cyberspace can be exploited for nefarious purposes by the users. Cyber-attacks that target the infrastructure or underlying economic well-being of a company/ Nation can effectively hamper the business and undermine confidence in their supporting structures.

3. With the objective of creating awareness and to issue necessary guidelines, the IT/OT/IoT Security and Cyber Security Policy is formulated. This policy has been approved in the 193rd Board of Directors meeting held on 16.06.2023. The policy comprises of password policy, email policy, Internet usage policy, identity and Access Management policy etc., which defines the roles and responsibilities of each and every personnel of the company.

4. All the personnel of APGENCO are hereby directed to strictly adhere to the guidelines set forth in the "IT/OT/IoT Security and Cyber Security Policy for APGENCO" with immediate effect and all the controlling officers are instructed to issue strict directions and emphasis on its importance/ criticality in usage in the day-to day official activities.
